## School Characteristics and Replicable Practices

Crestdale Middle School is located in a "bedroom community" east of Charlotte in the Matthews area. They have demonstrated tremendous academic success. The faculty and students are justly proud of their accomplishments. Crestdale has been recognized as a School of Excellence or School of Distinction every year. They have not met AYP each year, but do have plans in place to address those areas where AYP is not being met. Those plans are paying off.

### Academic Excellence

- Objectives posted everywhere in all classrooms.
- Curricular planning was aligned (ie. each 7<sup>th</sup> grade Science class was completing the same activity – however, students were challenged appropriately and differentiation was evident).
